

# Do you have a story to tell?

**Do you have an intellectual disability and are you:**

- **16-20 years old?**
- **interested in telling your story?**

Monica from Deakin University is working on a project about relationships and sexuality with young people with intellectual disability. We would love to hear from you!

This research will involve:

- Meeting with a researcher up to 5 times
- Telling us about relationships and sexuality in your life
- The story will be de-identified, meaning that no one can recognise you
- The story will be used to co-develop a relationships and sexuality program for other young people with intellectual disability

**Endeavour  
Foundation**  
Disability Research Fund

You will be paid for your time and we can help with transport or other access needs.

If you would like to join us or if you would like more information please contact:
